SOFTWARE

Script Name:

Auto Paid

Script Type:

Break

Overview

A break script to be used inside a daily schedule which will automatically pay a break which value is determined via the breaks within the daily schedule. Mostly use for when employees clock out but still need to get paid.

Dependencies

No dependencies.

Operation Example

No operation example

Configuration

- Inside the daily schedule there is a "Standard Breaks" option. The script needs to be assigned in the script option, along with a duration and timeframe.
