## ADP Payroll Integration datasheet

### Overview

Integrating with ADP Payroll eliminates the need to enter employee hours worked into ADP.

### ADP Payroll

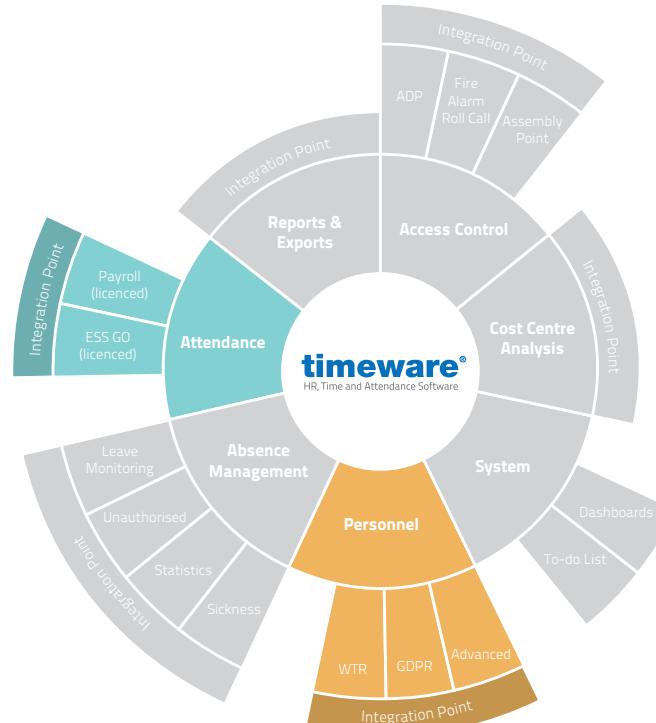

Many UK businesses use ADP Payroll to manage payroll processes including payslips, employee pay, pensions, expenses, statutory pay, tax calculations and HMRC submissions.

### timeware®

timeware® has developed an integration that following overtime approval, allows the total hours worked data held in timeware® to be transferred to ADP Payroll eliminating manual data entry.

### Annual licence

The ADP Payroll Integration is enabled by an annual licence.
